Meet the Editorial Board Member

Tracy Vargo-Gogola
Indiana University School of Medicine
South Bend, IN
USA

Tracy Vargo-Gogola received her doctoral degree in Cancer Biology from Vanderbilt University in 2002. She completed a postdoctoral fellowship in breast cancer research at Baylor College of Medicine before joining the faculty at Indiana University School of Medicine in 2008. She has research expertise in Rho GTPase signaling in normal and neoplastic mammary gland development. She also collaborates with Dr. Ryan Roeder’s laboratory to assist with the development of cellular and mouse models of breast cancer to investigate the potential of nanoparticle x-ray contrast agents to improve mammographic detection of breast cancer.
