Carmela Fimognari
University of Bologna
Rimini
Italy

Carmela Fimognari earned her PhD in Toxicology in 1997 from the University of Bologna, Italy. After training at the GSF-National Research Centre for Environment and Health, Munich, Germany, she focused her research on cancer chemoprevention and therapy by natural compounds and synthetic analogues with cytostatic and cell death-inducing potential. She directs the Laboratory for Anticancer Pharmacology and Toxicology at the Department for Life Quality Studies of the University of Bologna. She was appointed Full Professor of Pharmacology and Toxicology at the University of Bologna in 2021. Carmela Fimognari's scientific production consists in 107 original articles, 16 book chapters, and 2 short communications.
