Meet the Section Editor

Alexander A. Shtil
Laboratory of Tumor Cell Death
N.N. Blokhin Cancer Center
Moscow
Russia

Dr. A. Shtil received his MD degree in Orenburg State Medical Institute and PhD in Moscow Research Institute of Otorhinolaryngology. In 1994–2002 he worked in the University of Illinois at Chicago, Lee Moffitt Cancer Center and Sloan-Kettering Cancer Institute, studying the mechanisms of multidrug resistance and altered drug response in cancer (with I. Roninson, W. Dalton and K. Scotto). He established a new laboratory of tumor cell death with broad interests in cancer biology. Dr. Shtil has authored 150 scientific papers, review articles and a number of patents. He is member of editorial boards in four international journals.
