The Ethic of Care A Moral Compass for Canadian Nursing Practice

www.benthamscience.com/ebooks/9781608053049

About the ebook

The book adds a heightened dimension to the field of applied nursing ethics and the ethic of care. Nurses are encouraged to embody the ethic of care as a "lived virtue," and to be the leaders of tomorrow by working toward achieving accountability and sustainability in the Canadian publicly funded health care system and by effectively addressing social inequities.
